

# Peace Tree Decoration

by Linda J. Roberts

Print on US Letter or A4 white or coloured heavy paper.

Decorate as desired.

Score all the bold lines of the triangles. Cut around the outside edges, including the blank flaps.

Knot a loop of coloured thread and tape the knotted end to one inside face of the pyramid. Allow the thread to rest in the apex of the pyramid and dangle outside the shape. This will provide a means for hanging.

Glue the side tab and fold it inwards, then glue the base and attach it to the side tabs.

Hang by the thread positioned earlier.
